LEE ZI YANG XAVIER,
MARXEL ANGELO RAMESH,
WILLIAM HANSEL

Studying is a grind. Teaching is guesswork.

PROFESSORS

- Hours lost writing practice questions
- No idea what the class is stuck on until the exam

STUDENTS

- Generic quizzes that ignore your weak spots
- Zero reason to practise outside class

> QUIZQUEST FIXES BOTH. HERE'S HOW_

One app. Four power-ups.

01

AI QUESTION FORGE

Drop in your lecture slides. Get a ready-to-review question bank.

02

ADAPTIVE PRACTICE

Every quiz hunts down each student's weak spots.

03

A REAL GAME

A kingdom to build, heroes to collect and co-op battles with friends.

04

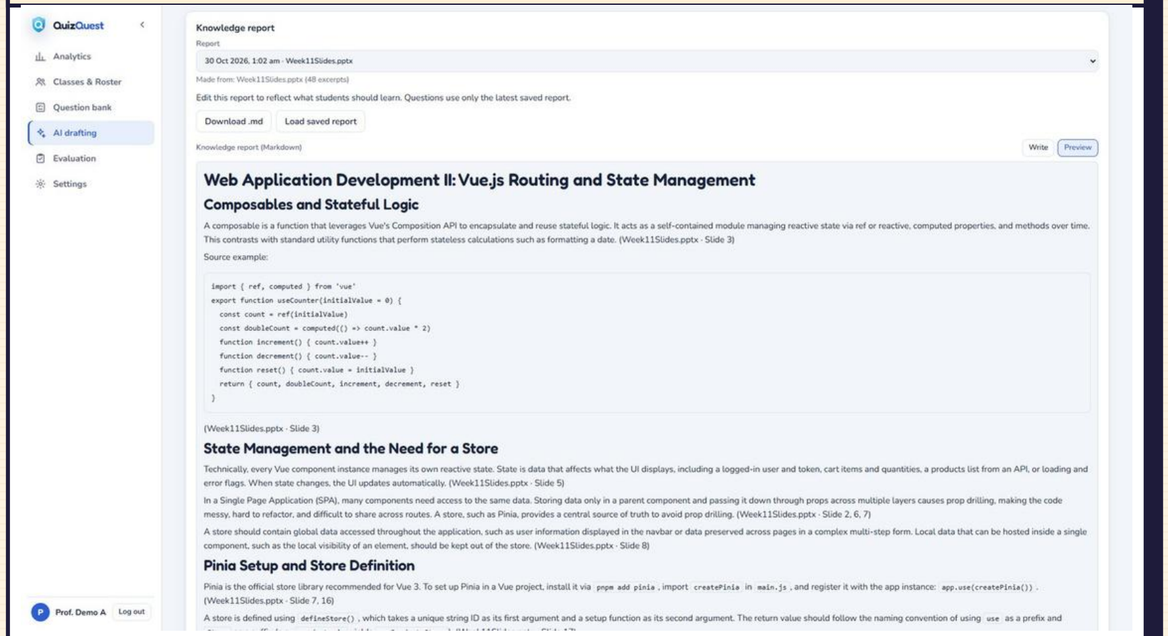

CLASS ANALYTICS

See exactly where your class is stuck, before the exam.

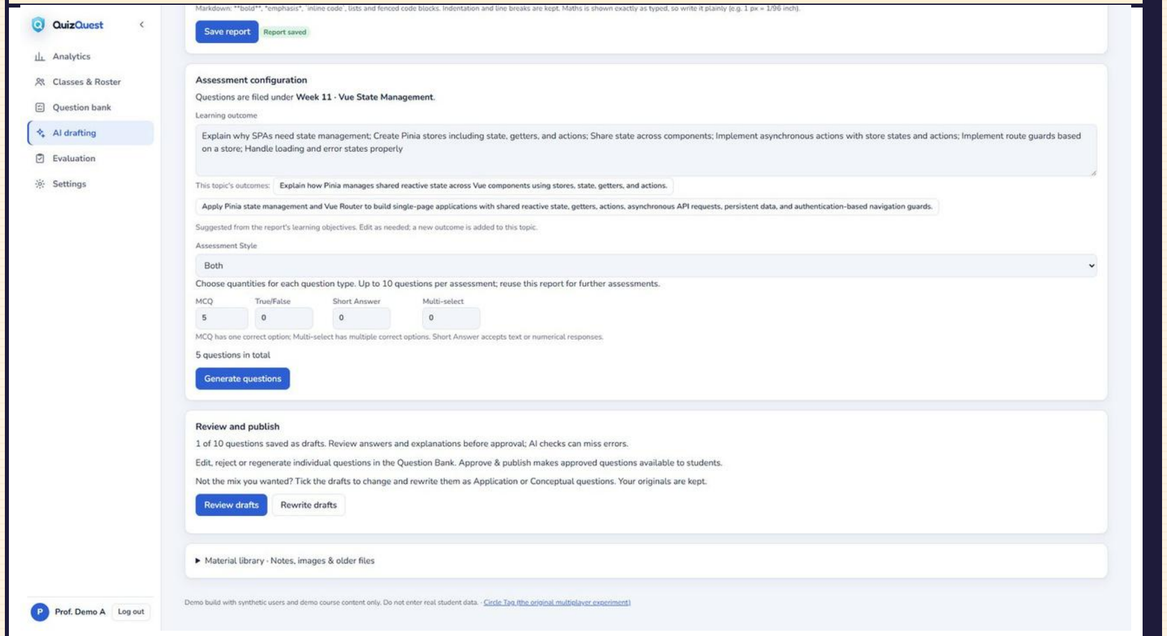

Drop in a lecture. Get a question bank.

Drop in any lecture file · AI writes a cited study report · You approve every question

KNOWLEDGE REPORT

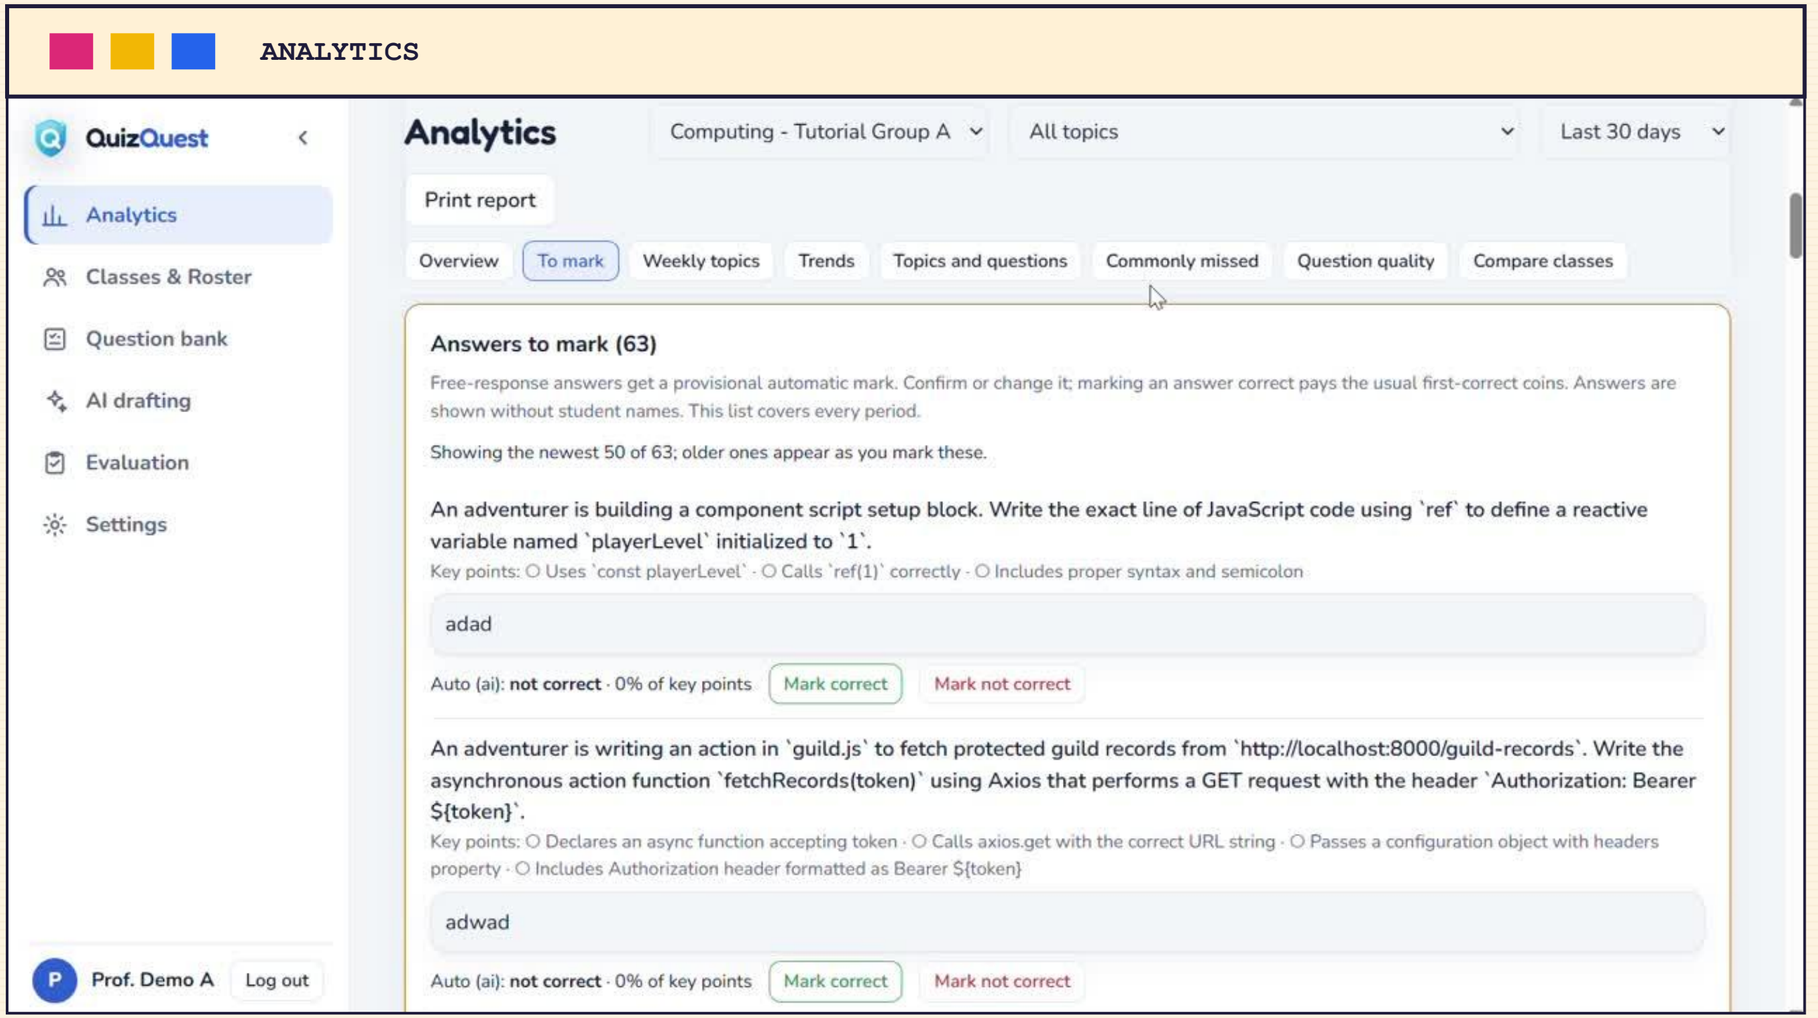

CONFIGURE QUESTIONS

Know what didn't land, before the exam

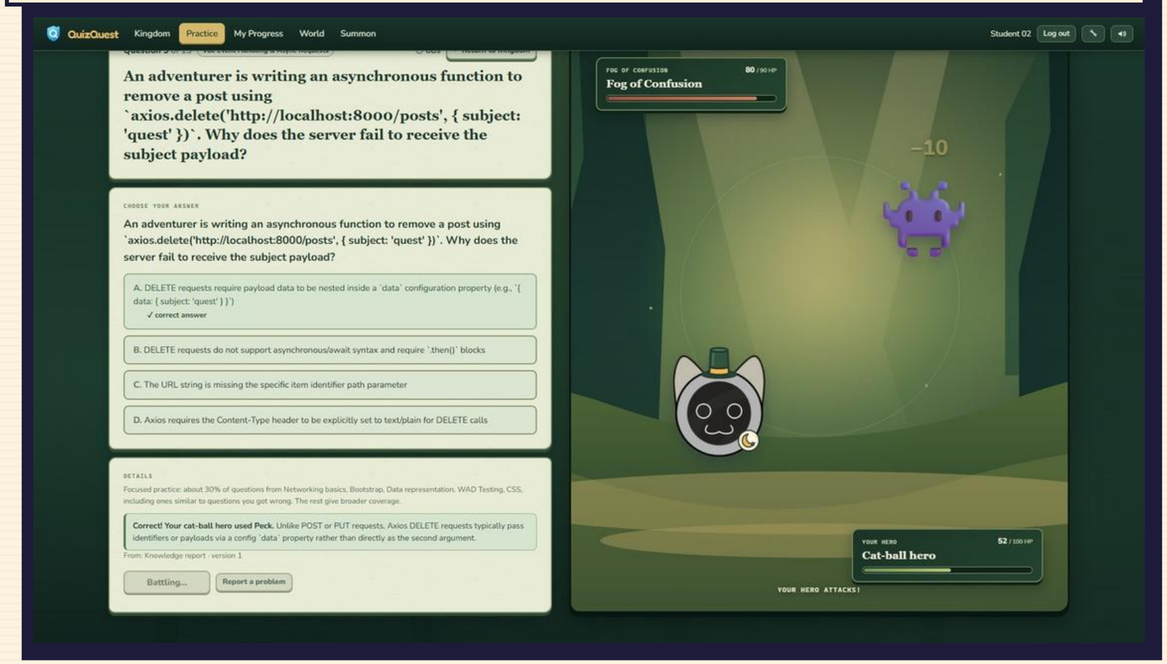

Accuracy by topic at a glance · A to-do list of what needs attention · Short answers arrive pre-marked

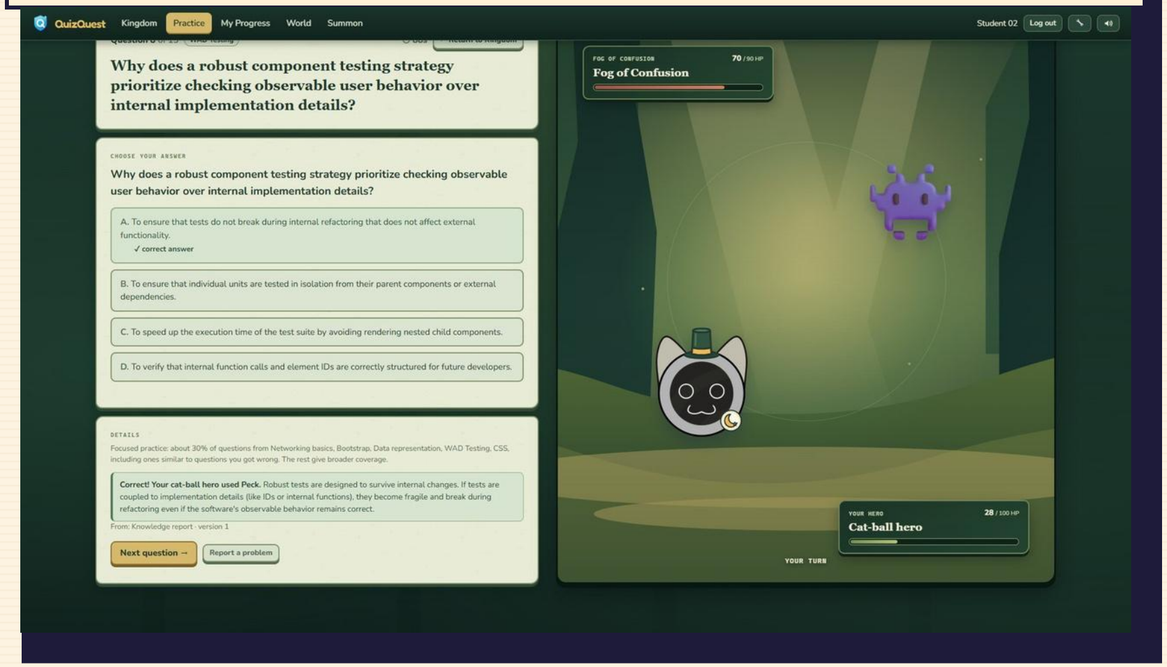

Every right answer is a hero attack

Every quiz is a boss fight · Instant feedback with explanations · Every session pays out coins and loot

QUIZ BATTLE

FEEDBACK

A quiz that learns your weak spots

LEVEL 1 · EXPLORE

Sessions start broad, across every topic.

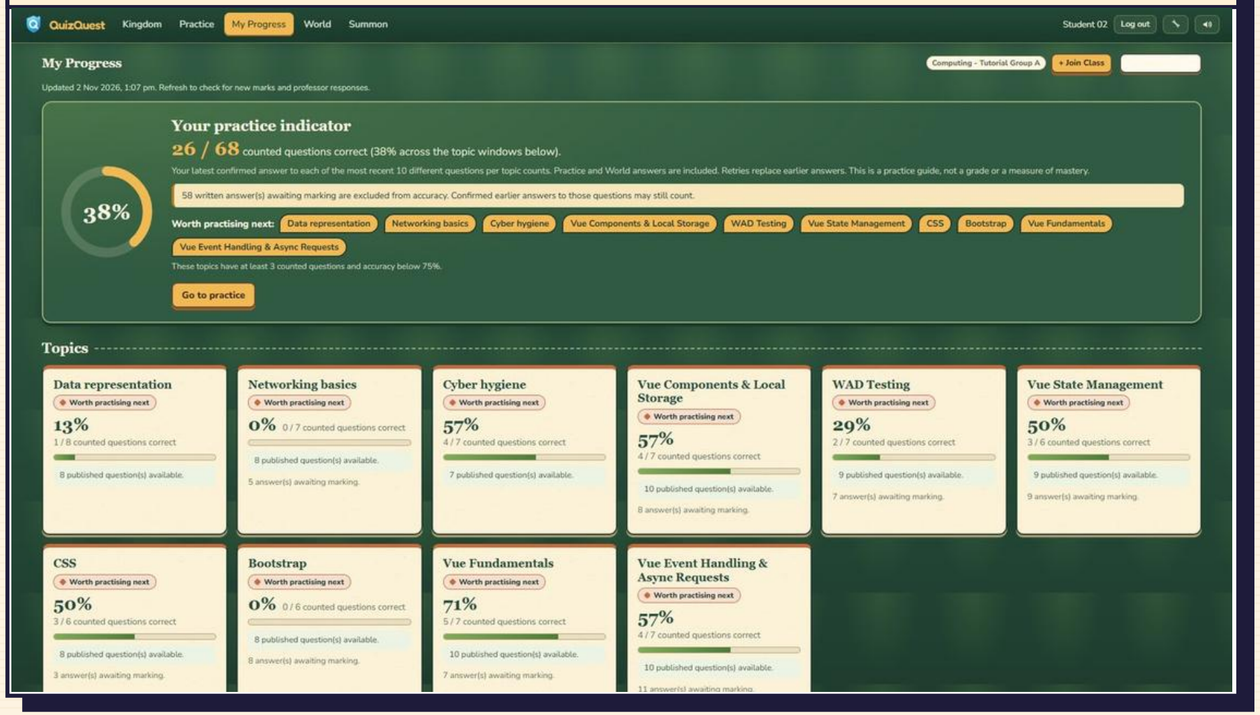

LEVEL 2 · TARGET

~70%
general coverage

~30%
weaker topics

Serves up questions like the ones you missed, and skips the ones you just saw.

MY PROGRESS

Per-topic indicators show students what to practise next.

Study smarter, build a kingdom

Library → magic attack · Workshop → physical attack · Garden → campfire HP · Tower → buffs & trading

KINGDOM

EXCHANGE NOTICEBOARD

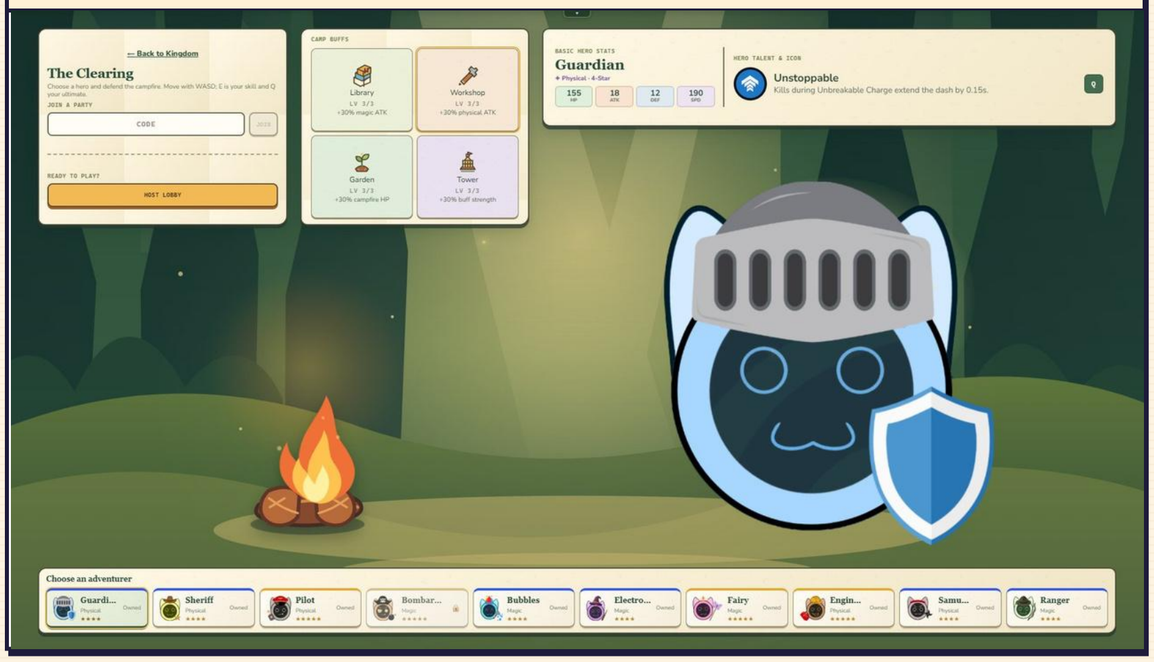

Squad up and defend the campfire

Real-time co-op for up to 4 players · Your kingdom powers up your hero · Survive the waves together

CAMPFIRE RUN

THE CLEARING

Under the hood

FRONTEND

> Vue 3

> Vite

> pdf.js

BACKEND

> Node.js

> Socket.IO (live co-op)

> Supabase

AI & TESTING

> Gemini 3.5 Flash-Lite

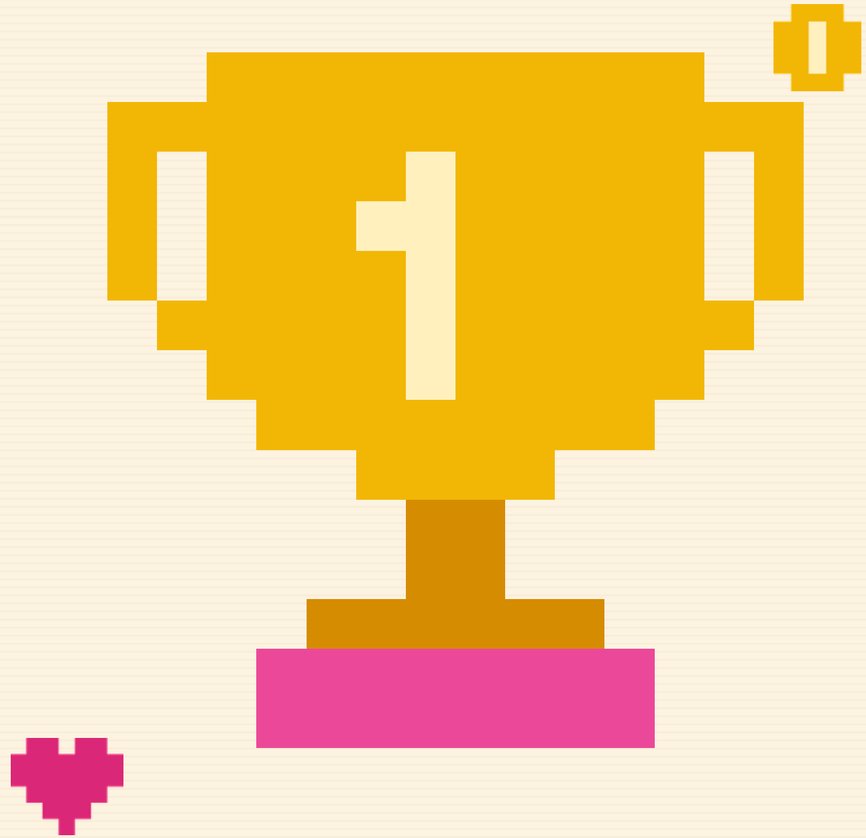

> Playwright + Vitest

CONTINUE?

Turn revision into a quest worth playing

Students get a game they actually come back to.
Professors see exactly what to teach next.
